PEKSAN · 17.11.2026

From mould workshop to global solution partner.

Peksan was founded in Izmir in 1995 as a plastic injection mould workshop by three entrepreneurial brothers. Today, it combines design and tooling expertise with advanced manufacturing at its 20,000 m² site, serving more than 40 countries.

From a closure idea to its millionth cycle.

01

Define the need

Neck finish, filled product, line speed, opening torque and logistics conditions are evaluated together.

02

Design & simulation

3D product and mould design validates sealing surfaces, tamper band and user ergonomics.

03

Tooling & pilot

Toolmaking, sampling, dimensional checks and functional tests are carried out under control.

04

Mass production

Injection, automation and process monitoring deliver repeatable high-volume output.

05

Quality & delivery

Traceability and customer specifications are maintained from material intake to final control.

Sustainable packaging

Reduce material, protect performance, close the loop.

We incorporate lightweighting, mono-material design and recyclability into new-product development. We also explore compounds with natural fillers and lower-carbon alternatives.

01 **Lightweighting**

Delivering the same function with less material

02 **Mono-material**

PE and PP-focused solutions that simplify sorting

03 **Natural content**

Olive leaf, rice husk and agricultural by-product research

04 **Energy transition**

Increasing renewable energy in production

Measurable quality. Repeatable results.

Every Peksan employee is responsible for quality. We apply our quality and product-safety systems from product design to shipment, managing legal and customer requirements together.

Material control

Compliance documents, colour and processing requirements are verified before production.

Process validation

Critical dimensions, visual defects and functional criteria are monitored through defined plans.

Functional testing

Leak tightness, opening torque, tamper band and line application are checked.

Traceability

Batch, machine, mould and production records are tracked to customer requirements.

View our documents.

LRQA

Certificate of Approval

This is to certify that:

PEKSAN MAKINA KALIP VE PLASTIK ENJEKSIYON INSAAT SANAYI VE TICARET LIMITED SIRKETI

Yazibasi Mahallesi, 303 Sokak No:9 Torbali, 35875 Izmir, Turkey

has been audited by LRQA, and found to meet the requirements set out in:

BRCGS Global Standard for Packaging Materials Issue 7, October 2024

Unannounced

and has attained certification at Grade AA+ applicable to Product Field 04 - Rigid plastics 07 - Print processes

Approval number(s): 00839954

The scope of this approval is applicable to:

Injection, moulding, screen printing, assembling of plastic closures and handles for food and non-food packaging industry.

Marta Escudero

Regional Director, Europe

Issued by: LRQA Limited

011.031CWF11N

11 mm Two-Piece Cap for Doypack Packaging

Product code
011.031CWF11N

Nominal diameter
11 mm

Sealing Type

Example applications
Sauces, detergents, juices and beverages in Doypack packaging

Colour options
Natural, White

Carton dimensions
40 × 60 × 40 cm

Pieces per carton
6000

Description and notes

• Two-piece cap and spout for flexible Doypack / pouch packaging, attached by heat sealing. Available in natural and white.

• Two-piece construction for flexible packaging. Hole diameter: 11 mm.

• Condition at the application temperature (20–25°C) for at least 24 hours before use.

• Illustration taken from the technical sheet; displayed colours do not confirm colour availability.

020.040MTP11E

20 mm. Mist Sprayer

Product code
020.040MTP11E

Nominal diameter
20 mm

Sealing Type
Epe Foam Seal

Example applications
Skin Care, Cosmetics, Car Care Products, Detergents, Facial toner, Body mist, Eau de cologne

Colour options
Natural, White, Black

Carton dimensions
40 × 60 × 40 cm

Pieces per carton
2000

Description and notes

• Max. Bottle Height: 150mm. Spraying volume: 0,10-0,14ml.

• Must be kept for 24 hours at ambient conditions before use The import, storage, sales, and all commercial rights of this product belong to PKS Ambalaj A.Ş.

028.016CTP10B

28mm. Screw-on Tamper Evidence Banded Closure For Pet Bottle (1Starts - 120Knurls - 1881PCO)

Product code
028.016CTP10B

Nominal diameter
28 mm

Sealing Type
Self-sealing (no additional liner required)

Example applications
Water, CSD, NCSD, Beer, Fruit Juice, Cola, Carbonated soft drinks, Iced tea, Sparkling mineral water

Colour options
White, Yellow, Red, Black, Green

Carton dimensions
40 × 60 × 40 cm

Pieces per carton
6000

Description and notes

- Guarantee Ring is Available
- Must be kept for 24 hours at ambient conditions before use
- Our product consists of one pieces.

028.016CTP1TB

28 mm PCO 1881 Tethered PET Bottle Cap

Product code
028.016CTP1TB

Nominal diameter
28 mm

Sealing Type
Self-sealing (no additional liner required)

Example applications
Alcoholic and non-alcoholic carbonated drinks, water, juices and beverages

Colour options
White, Yellow, Red, Black, Green

Carton dimensions
40 × 60 × 40 cm

Pieces per carton
6000

Description and notes

• 28 mm tethered closure for PCO 1881 PET bottles, designed to remain attached to the bottle. For carbonated drinks, water and juice packaging.

• Condition at the application temperature (20–25°C) for at least 24 hours before use.

• Illustration taken from the technical sheet; displayed colours do not confirm colour availability.

038.015CTP1TB

38 mm 3-Start Tethered PET Bottle Cap

Product code
038.015CTP1TB

Nominal diameter
38 mm

Sealing Type
Self-sealing (no additional liner required)

Example applications
Water and beverages

Colour options
Natural, Blue, Yellow, Red, Green

Carton dimensions
40 × 60 × 40 cm

Pieces per carton
3500

Description and notes

• 38 mm tethered cap with a 3-start thread for PET water and beverage bottles, designed to remain attached to the bottle.

• Condition at the application temperature (20–25°C) for at least 24 hours before use.

• Illustration taken from the technical sheet; displayed colours do not confirm colour availability.

038.016CTP10L

38mm. Screw-on Closure For Pet Bottle (3Starts - Laminated Alu. Seal - 90Knurls)

Product code
038.016CTP10L

Nominal diameter
38 mm

Sealing Type
Aluminium Seal

Example applications
Vinager, Edible Oil and Dry Foods, Water, Beverages, Olive oil, sunflower oil

Colour options
Yellow, Red, Orange

Carton dimensions
40 × 60 × 40 cm

Pieces per carton
3500

Description and notes

- Please, Ask for Seal Applications.
- Must be kept for 24 hours at ambient conditions before use
- Our product consists of single or two piece.

038.017CTP10B

38mm. Screw-on Tamper Evidence Banded Closure For Plastic Bottle (2Starts - 90Knurls)

Product code
038.017CTP10B

Nominal diameter
38 mm

Sealing Type
Self-sealing (no additional liner required)

Example applications
Milk, Beverages, Ayran, Drinking yogurt, Iced tea

Colour options
Blue, Red

Carton dimensions
40 × 60 × 40 cm

Pieces per carton
3500

Description and notes

- Guarantee Ring is Available
- Must be kept for 24 hours at ambient conditions before use
- Our product consists of one pieces.

038.022CTO10E

38mm. Screw-on Tamper Evidence Banded Closure For Plastic Bottle / Drum (EPE Seal or Induction Alu. Seal)

Product code
038.022CTO10E

Nominal diameter
38 mm

Sealing Type
Aluminium Seal / Epe Foam Seal

Example applications
Lubricant, Car Care Products, Motor oil

Colour options
Blue, Yellow, Red, Black

Carton dimensions
40 × 60 × 40 cm

Pieces per carton
2500

Description and notes

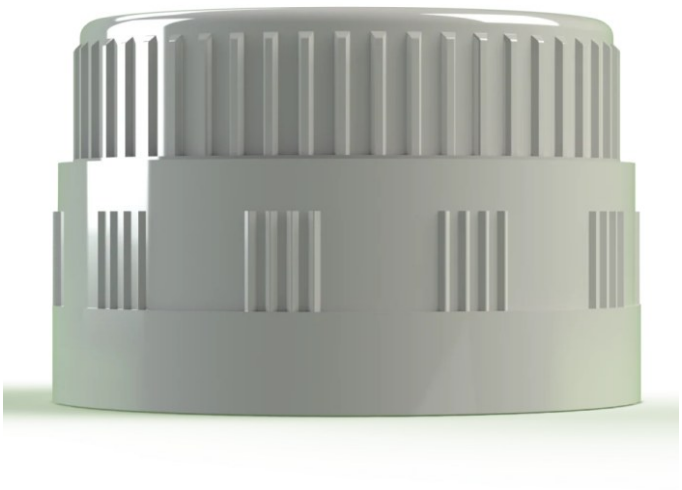

- Guarantee Ring is Available. Please, Ask for Seal Applications.
- Must be kept for 24 hours at ambient conditions before use
- Our product consists of one pieces.
